the best a r c h i t e c t u r a l s e r v i c e s

Architecture

We provide architectural services for both residential as well as commercial sectors, per chance they would like to construct a new property or convert, extend or alter their present arrangement. Clients can take advantage of our wide-range experience in properties of all shapes and sizes.

Methodology

Our unique process has become our hallmark. It helps us define our clients' needs, assess their goals, and ensures we meet deadlines. It's what gives our creativity focus and keeps projects on the track to success. Here you'll find an abbreviated version of the steps we take from the initial analysis to the final close out stage.

our unique process
has become our
hallmark

Sub Categories

Interior Designers

From looking at rooms in new ways to choosing new materials and furnishings, interior design can reinvigorate the look and usefulness of your home. Taking into consideration existing possessions as well as your dreams for the future, we help you shape an exciting new environment that adds pleasure to your life every day.

Furniture Selection

Whether it is to furnish a whole home or simply pull together an existing room with a few new pieces, we design various specialty furniture's, one-of-a-kind items for unique situations. We specialize in products and craftspeople that offer time-tested quality that suits your need.

Tiles, Flooring, Stone

The show stopper of the home is the flooring that defines the theme of the house. We design different kinds of flooring like wooden, stone, old antique mosaic that defines your room theme.

Million Dollar babies Furniture

Designing a room around the ever-changing needs of your child can be quite a challenge. Their bedroom needs to be able to adapt to various activities-playing, sleeping, dressing and studying. We plan the furniture in a flexible design ensuring kids' safety.

Kitchens

We recognize that your kitchen is the heart and soul of your home. The family favorite space to use not only for food preparation but also as a hub of daily activities, filled with conversations and laughter. Kitchen is also everybody's favorite space to entertain at ease. We have experience in designing contemporary, retro and traditional kitchens.

Decorative painting, Wallpaper

APSE offers quality wallpapers, wall coverings, borders and paintings that compliment the theme of your house and office.

Banister, Staircases, Balustrades

One of the most prominent decorative elements today is the banisters, the variety existing in the market is wide and we often debate about the choice of banisters. There are many considerations, beyond the fact that banisters constitute a designer item. Decorated banisters can be integrated with items and shades to create a home atmosphere through efficient design. There are aluminum banisters with an internal wooden covering, which create an atmosphere of prestige and elegance. You can select the wide variety of styles in and at Apse.

Artwork & Accessory Selection

Even the best furnished room can be brought new life with the proper selection of accessories lamps, rugs, artwork, florals, ceramics and more. Like the decorative swirl on your dessert plate. Accessories complete your project with a finished look. We'll help showcase your existing items in new ways as well as help you discover and select new pieces to accent your decor.

Doors, Windows, Conservatories

Windows and doors are no longer only functional, but an inseparable part of the overall design concept of the house. Door design today is influenced by world trends, in which a combination of glass elements, lighting up the room and creating a spacious sensation and evident. The wide variety provides the client with the ability to choose the door items, starting from the type of the door-post, the type of the handle, and the finishing of the door.

Fabric Selection & Sourcing

We also offer you access to custom services to shape your fabrics into custom upholstery, drapery, and bedding ensembles.

Bathroom

Every individual's idea of luxury differs as do the features they would like to include in bathrooms. His and hers wash-basins, bidets, Jacuzzis with underwater lighting and adjustable slide jets, sauna, steam bath! We have various ideas and experience in designing the unique design that meets your expectations.

Space Planning & Room Layout

Underlying all good design whether for home construction, remodeling, renovation, or room design is effective space planning. Well-planned homes allow for efficient flow of traffic, accommodate favorite activities, and make optimal use of space.

Lighting, Lamps

Lighting is an important element that helps you give your room much needed face lift. One of most effective ways to drastically improve the look of your room is to use creative lighting solutions. We take care of your personal taste and requirements while designing the lighting solutions.

Curtains, Blinds, Awnings

APSE has good exposure to select curtains, blinds and awnings that suits your room. We keep your objectives of using these and design it accordingly.

Garden, Outdoor Furniture

Relax, lounge, enjoy we design modern outdoor furniture that ensures you to have the right mix of furniture for outdoor entertaining. Made out of weather resistant and durable materials. Our stylish contemporary outdoor collection includes Patio and Deck furniture like Patio Outdoor Chairs, Adirondack outdoor chairs and a range of stylish and everlasting teak outdoor furniture. Our objective is to design timeless elegant outdoor furniture which can be enjoyed for many years.

It's

Our Workforce

Our talented and experienced team gathers here to come up with contemporary blueprints and designs. These designs on execution give an unrivaled look to our clients.

Mr. Asha Kiran, and his team of talented professionals at Apse Designs, with a world class knowledge and well-grounded experience in various aspects of architecture and design provides compassionate yet creative execution of our clients vision truly unparalleled in terms of trendy look, contemporary designs and blue prints that touches the heart of all ages for sure. With over 25 years of experience in field of Architecture, schematic design, Interiors, Design development, construction documentation and construction administration Mr. Asha Kiran has been responsible for the designing and production of a wide variety of commercial and residential projects. As part of the founding team of Fountainhead design Pvt. Ltd. Mr. Asha Kiran played a pivotal role in designing interiors and executing large scale architectural projects for LANCO HILLS Technology Park Pvt. Ltd – 110 acres master plan, LANCO IT5 architectural services, LANCO IT6 commercial tower and many more. He added another feather into his cap by designing architecture and interiors for Tv5 corporate building.

The other mile stones in his career are Prestige Nirvana's layout planning, club house and entrance arch, Luxor Hotel that showcases his commitment and calibre in delivering international standard work potential within reach on the commercial front. With his vast and ever-growing experience in custom made single and multi-family residential houses, recreational facilities, shopping malls, community centres, medical offices, retail spaces, restaurants and space planning Mr. Asha Kiran also catered aesthetically in designing personal residential spaces of well-known personalities like Mr. GVK, Mr. Surendra, Mr. Adarsh Reddy, Mr Bal Reddy and so on., He is well known for commercial space crafting of office Interiors like – Gayathri Infra, Solix solutions, Pennant Tech and still counting on..

The extravaganza of crafting expertise continued even in public sector as Mr. Asha Kiran has also served as the project architect of the spacious and prestigious 100 crores Tourism Project under taken by the Govt. of Andhra Pradesh in Kadapa, Nellore and Chittoor districts. Equally passionate about historical and modern architecture Mr. Asha Kiran profound freshness and exuberance into any project while shaping up his clients' vision synchronized with calm and comforts assured. After the 13 years of successful journey, Apse spread its wings and started its MEP and PMC services in friendly collaboration with Dheeraj Sai Consultants, the company that is proficient and tremendously experienced, well known for its MEP and PMC services. Dheeraj Sai Consultants have dealt many national and international projects in commercial, residential and industrial fields.

Our Team Members

Our team members are among the best Interior Designers and Architects in Hyderabad, India. Keeping the sole objective of customer satisfaction in mind, our designing team members work in close conjunction with our esteemed client. To know your specific requirement, budget and time frame and hence tailor-make your designing solution. We have hence stood out in this field for our efficiency, reliable consultancy and sound business

Vision

Can we name it as **About us**
It's more than just simply creating beautiful spaces. It's about knowledge, skill and an implicit respect for the details that a life can afford. APSE brings these facets together with un matched precision to design the world's most notable luxury destinations. What ever the setting, APSE understands the nuances that culminate in a rare and vital purpose crafting environments that provide the backdrop for life's most enriching experiences

Ideology

While maintaining the highest level of creativity and expertise, APSE stays abreast of developments in technology and changes in residential and commercial space design.

At APSE, you will find innovative, quality design. We believe that function in everyday life is an important part of the design. Our designs, details and materials work together to produce lasting, functional and beautiful spaces and places for our clients

Infrastructure

We at APSE own and use all modern and advanced methodologies and infrastructure to create interiors that are drop dead gorgeous and judicious. Our Design Studio is armed with the latest computers loaded with relevant designing software's and the work environment within its premises is just correct for our designing geniuses to come up with ideas to enthrall.

The Wall

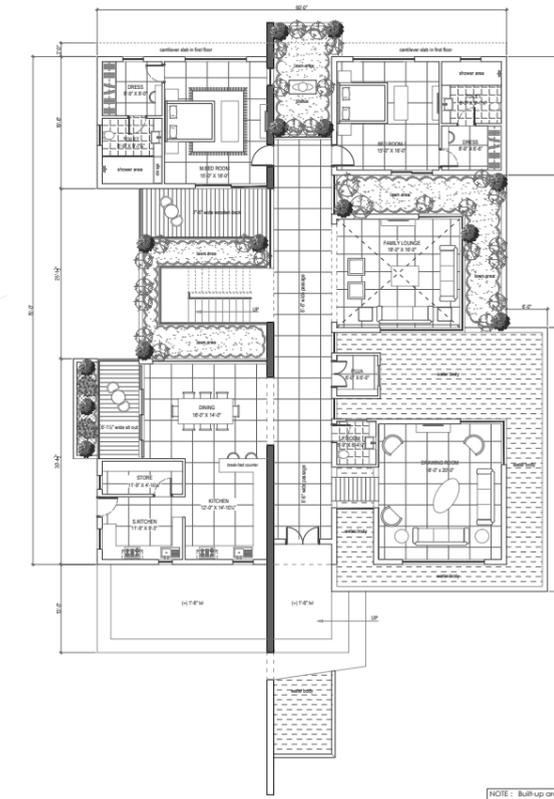

At Kakinada

This villa is a dream home of a very successful doctors couple at kakinda, aspired to build a large luxurious house in rich area. He had to wait to acquire 1 acre of land to build his dream house near to nature.

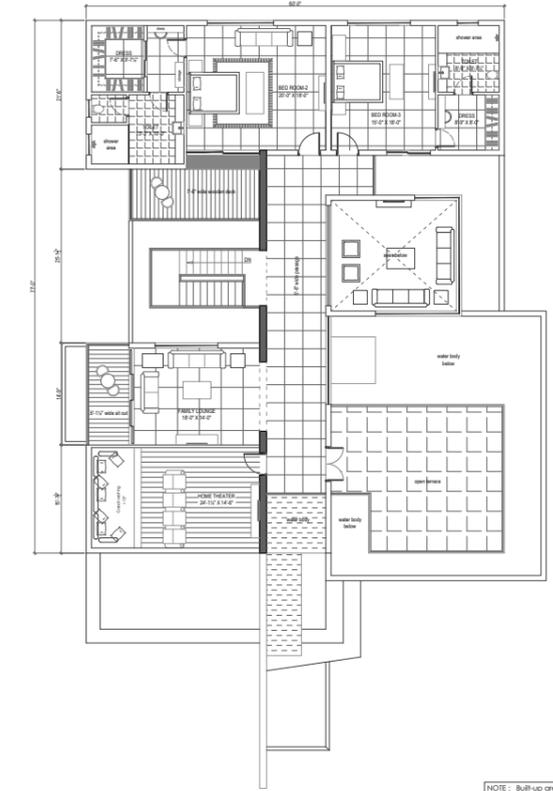

Apse involved in architectural, structural and MEP designs.

SITE PLAN

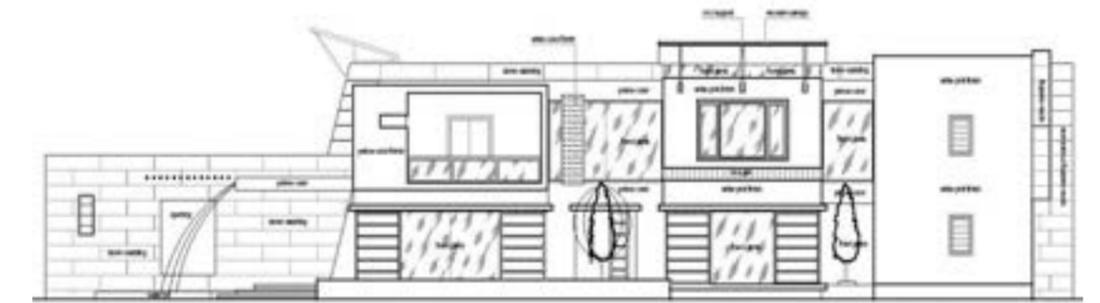

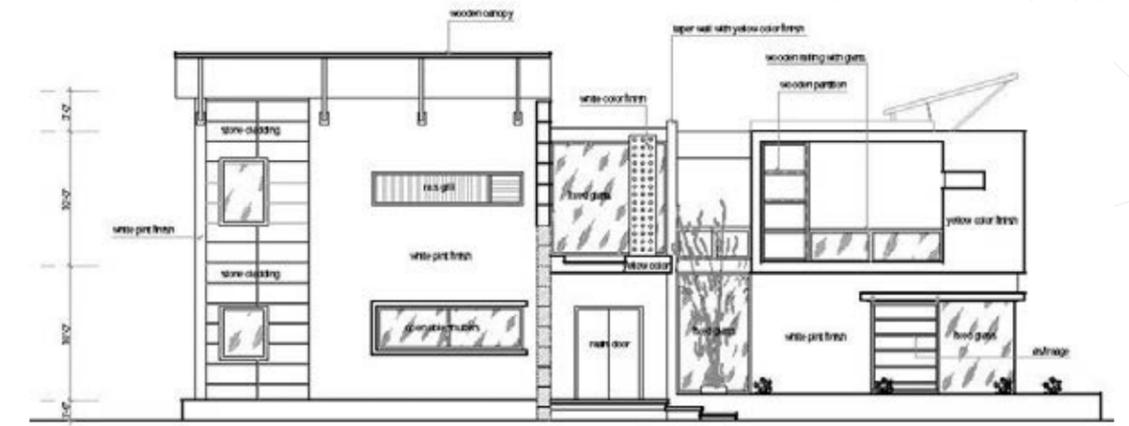

GROUND FLOOR

FIRST FLOOR

Challenges were to follow vastu principles very strictly.

Major part of the land should be left open for lush greenery and water bodies.

The Design concept is very simple.

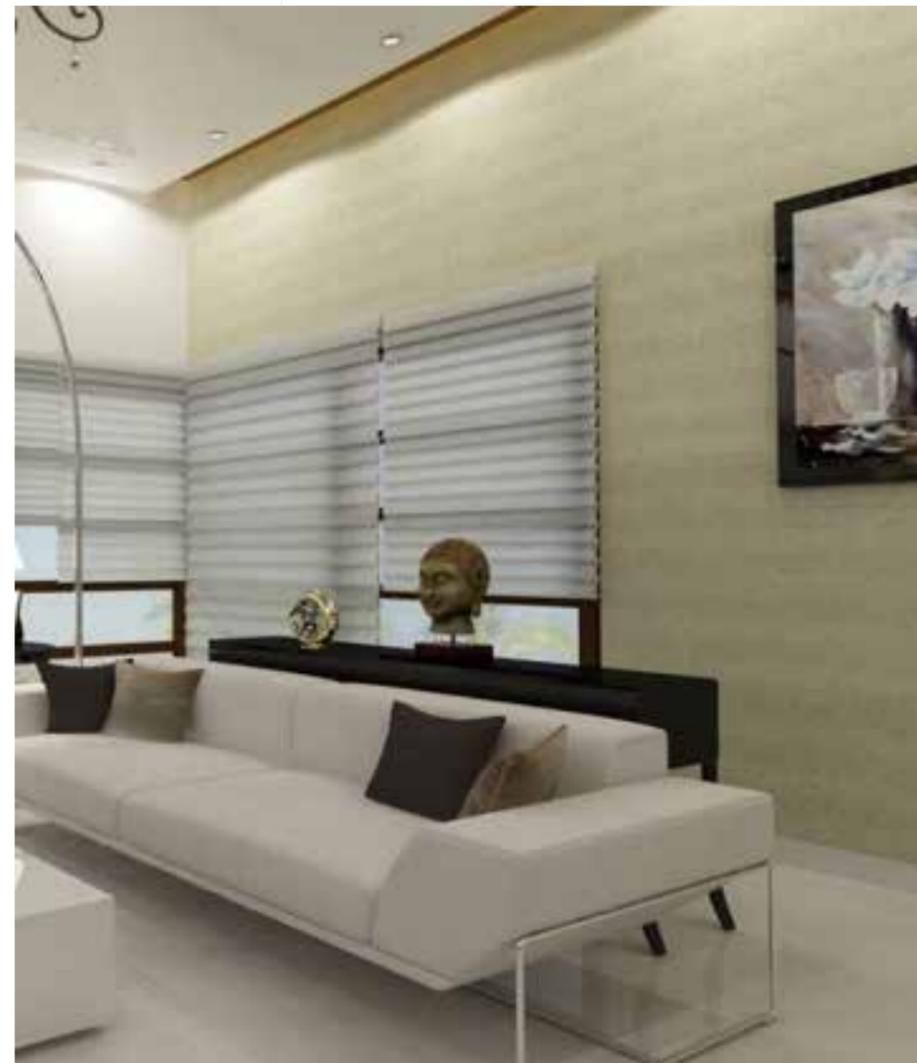

The wall which runs from the entrance of the building and divides the space into two zones. The wall is conceived as the panel for the exhibition of their paintings.
